

DAB+ & FM RDS radio with CD player

TELESTAR DIRA S 24 CD

The DIRA S 24 CD is one of the highlights of TELESTAR's new hybrid and digital radio series. It unifies state-of-the-art digital radio technology, excellent sound properties and a one-of-a-kind usability. It receives DAB+ and FM radio signals, features an internal CD player to play back audio as well as MP 3 CDs and is able to play back music from external devices via USB or Bluetooth. By using two speakers and a digital sound processor (DSP) the DIRA S 24 CD creates a perfect

stereo sound experience. Another highlight: the radio allows to record your favourite radio show or music on an external USB device either by simply pushing the record button or by easily programming a schedule via the pretty user-friendly timer menu. Many additional features, such as alarm clock mode, sleep timer, multilingual menu, and favourite keys top off the list of its features, making the TELESTAR DIRA S 24 CD an outstanding digital stereo radio in its price range.
