radio

IMPERIAL® DABMAN OR 1

If you are looking for a real outdoor all-rounder, the DABMAN OR 1 is definitely worth considering. The DABMAN OR 1 can also be described as the Swiss Army Knife among radios: in addition to „classic“ radio functions (DAB+ and FM reception as well as Bluetooth music streaming) with decent stereo sound, the versatile device may be used as a flashlight or reading light if required, it has an optical and acoustic SOS alarm function, is equipped with a thermometer and can also be used as a power bank to operate and charge other electronic devices. The highlight of

the water-resistant and shockproof all-rounder is its versatile power supply: besides the obligatory mains operation, the radio can be operated independently of the mains thanks to a 4000 mAh Li-ion battery. In addition, the outdoor all-rounder has a crank and solar cells with which it can be charged if necessary. All in all: its versatility in combination with the optional, mains-independent power supply makes the DABMAN OR 1 the ideal companion on the beach as well as for camping or hiking trips.

Highlights

- DAB+ & FM reception & Bluetooth music streaming
- Power supply via mains, battery, crank and solar panel
- Versatile additional features: flashlight, reading light, SOS signal, thermometer
- Powerbank operation: USB 2.0 interface for charging and operation of devices supporting 5V DC
- Shock proof and water resistant housing (IPX 5 approved)
- Rechargeable Li-ion battery (4000 mAh) featuring USB charging interface
- 2x 7W stereo sound
- Small-sized dimensions and weight
