

Portable
DAB+ Radio

IMPERIAL® DABMAN 15

The extremely small-sized IMPERIAL DABMAN 15 impresses with its ease of use and functionality. The battery-operated DAB+/FM radio has an illuminated 2" (5.1cm) TFT colour display, which shows general information (e.g. battery level and time) as well as useful background data on the current programme with razor sharpness. The sound of the 2W loudspeaker is clear and convincing even at higher volumes.

The clear, multilingual menu can be navigated intuitively using control buttons. Its small size, low weight and user-friendly functions such as extensive station memory for DAB+ and FM transmitters, separately switchable double alarm clock, and headphone connection make the DABMAN 15 an ideal companion when travelling.

Highlights:

- Small-sized, battery-operated DAB+/FM radio
- Favourites memory for 20 DAB+ and 20 FM radio stations each
- Double alarm clock, extensive sleep timer (featuring 10/15/20/30/45/60/75/90 minutes interval)
- 2" (5.1 cm) TFT colour display with three brightness levels and auto-dimmer
- Multilingual menu navigation
- 4 different time displays options, and sleep timer countdown, battery life and station information can be called up on the display
- Intuitive operation via buttons on the device (manual button lock adjustable)
- 2W power speaker, headphone socket
- Internal 1050 mAh Li-Ion battery with long life and short charging time (charging voltage 5V DC via USB)
- Telescopic antenna on the device

Scope of delivery:
