

## HiFi System

## IMPERIAL® DABMAN i400

### HiFi System

- The ideal component to bring your HiFi system to the next level

### Multifunction device

- DAB+, FM RDS and internet radio

### Multiroom operation

- LAN and WiFi

### UPnP/DLNA

- Connect the device with other UPnP/DLNA compatible devices

The small-sized IMPERIAL DABMAN i400 combines the features of a DAB+ and FM radio with the huge possibilities of an internet radio and home networking device. This device offers all three radio technologies plus a variety of additional features wrapped up in an extremely small-sized housing - the ideal solution to bring your HiFi system to the next level. Being capable of receiving digital and analogue radio signals via DAB+ and FM as well as internet radio stations, the DABMAN i400 may also be connected to mobile devices via Bluetooth or UPnP in order to play back music files from smart phones or external storage devices. Another plus: thanks to its WiFi capability, the DABMAN i400 may be used as a „nerve centre“ for multiroom operation, bringing your favourite music to every room in your house. The DABMAN i400 may be easily operated via remote control or via smart phone/tablet by using the free application (iOS and Android supported). In sum: the DABMAN i400 is the ideal solution for upgrading your HiFi set to a full-scale audio entertainment centre.
