

Undermountable
Multifunction radio
with access to various
music streaming
services

IMPERIAL® DABMAN i460

FULL STREAMING POWER INCLUDED!*

* if supported by provider and software

The DABMAN i460 multi-function radio with its powerful sound is versatile: in addition to simple and quick kitchen under-counter installation, it is also suitable for wall mounting or as a stand-alone radio. With its compact and modern design, the DABMAN i460 fits almost anywhere, and with all its features leaves nothing to be desired.

Highlights

- Powerful multifunction radio (DAB+/FM and internet radio in one device)
- Quick access to a variety of music Streaming services (Amazon Music, deezer, napster, qobuz, Soundmachine, Tidal, HighResAudio, PalcoMP3, Calm Radio)
- Solid sound thanks to full-range speaker with 10W music power, passive bass reflector and equalizer with presets
- USB (media player, recording, charging function)
- UPnP and Bluetooth 5.1 Send & Receive, 2.4 GHz WiFi integrated
- 6.1cm (2.4") TFT color display (illuminated, dimmable & night mode)
- Favorite memory: 100 DAB+ stations, 100 FM stations, 500 Internet radio stations and 4 direct selection buttons on the device

In addition to Internet radio reception (more than 25,000 radio stations worldwide) and DAB+/UKW radio, the multi-function radio offers access to various music streaming services. Access to music files in the home network is also possible. Two further unique selling points: Recording option via USB and Bluetooth send & receive.

- Unlimited reception of FM and DAB+ stations
- Hotel mode that can be activated saves important settings and prevents incorrect operation
- Alarm clock and sleep timer with different modes & clear, multilingual menu navigation
- Can be controlled using the included remote control or the free Soundmate APP (iOS and Android)
- Versatile installation and use options (e.g. as a kitchen under-cabinet radio, stand radio or radio alarm clock), installation material included
- EWF / Journaline, which transmits and warns an emergency signal to appropriate recipients in the event of a disaster
