

DAB+/FM
alarm clock

IMPERIAL DABMAN d20

The small-sized IMPERIAL DABMAN d20 combines two ways of radio reception (digital DAB+ as well as analogue FM radio) in a clock radio with snooze button and a large dimmable display. BUT: the most remarkable thing about this radio is yet to mention! Its top side contains a wireless Qi charging field for smart phones and other compatible devices. No more struggling with charging cables, no annoying

and cramped bed tables anymore - thanks to the DABMAN d20! Many useful features, e.g. sleep timer, favorite lists for DAB+ and FM stations or the easy and intuitive OSD menu round off the devices' scope of functions. The radio is available in two different color versions. In sum: the DABMAN d20 is the perfect way to start a day!

Highlights

- Small-sized clock radio with snooze function
- DAB+ and FM radio featuring a memory for 10 favorite stations each
- Wireless charging for mobile devices (if supported)
- Large, illuminated matrix display (2.7" diameter, dimmable)
- 2 alarm times, snooze mode, either buzzer or radio alarm sound
- Sleep timer, multilingual and simple-structured OSD menu
- Small-sized, modern design
- Earphone socket
- Available in 2 colors
