

IMPERIAL i105

The small-sized IMPERIAL i105 is an internet radio featuring solid acoustic properties, being able to receive up to 25.000 web radio stations worldwide via the internet. In addition, the i105 comes up with a variety of convenient features: the 2.4 inch colour display indicates station name and time as well as valuable additional informa-

tion, such as daily weather reports. The versatile radio can also be used to play back music files (e.g. MP3, WMA) from USB storage devices. Additional features, such as alarm clock, snooze mode and remote control via smart phone application (optional) make the IMPERIAL i105 an ideal everyday companion.
