

TELESTAR SATPLUS 4

digital combo measuring receiver

› including practical accessories!

Measuring receiver

- for DVB-S/S2, DVB-T/T2* (H.264/H.265), DVB-C
- MPEG-2/MPEG-4

Rechargeable battery

- Powerful 5000mAh battery

Screenshot function

- to back up the measurement data, transport stream

The TELESTAR SATPLUS 4 meter presents itself as the optimal companion for precise signal installation and verification. It offers comprehensive coverage of various reception options, including DVB-S/S2/T/T2/C, and meets MPEG-2 and MPEG-4 requirements. Support for MPEG-2, H.264 and even H.265 (10-bit) hardware decoding ensures seamless signal playback.

The scan options prove to be extremely flexible and versatile: Auto, Blind, Manual or NIT - according to individual needs.
