

# Product Information Sheet

## Tria 1

The Tria Series wall shelf systems offer hassle-free shelving and cable management solutions suitable for any environment and can be used with or without a TV. User-friendly features like adjustable shelves and paintable, trimable covers make them customizable for any application. Tria 1 is a 1-shelf do-it-yourself solution that allows you to neatly organize components right under your TV without the need to run the connections through your wall.

Easily snap covers onto spine to route and hide wires
