

**Product description:**

**Pocket Installer - two tools in one!**

The Pocket Installer is a perfect companion to go with a couple of Self-intall connectors for home installation. The pocket installer combines a RG59/RG6 cable stripper with mechanical stop for proper stripping length and an 11 mm spanner. The pocket installer makes the cable preparation much easier and precise, while the spanner can be used for proper tightening.

**Pocket Installer - Cabel stripper with HEX wrench  
153637**
