

Data sheet: WL-355

Product code : WL-355
 Product name : Wireless Network TV Media Player
 EAN code : 8716502021314

The Wireless Network TV Media Player enables you to wirelessly play your digital movies, music and photos directly on your TV; guaranteeing optimal comfort and the best possible High Definition quality (1080p). Insert the included Wireless Dual-band Media Adapter in the USB port and wirelessly stream movies with maximum speeds up to 300 Mbps.

In combination with a Dual-band router you can use the less crowded 5GHz frequency and wirelessly stream media without any interruptions. As the TV Media Player is DLNA certified an automatic connection is established with other UPnP AV devices (Universal Plug and Play Audio and Video) in the network, such as a PC or Home Storage Center. The TV Media Player supports the most common media files and thanks to the simple and intuitive menu you can easily access and play digital files that are stored within the network or on an external hard disk; which can be connected via the USB 2.0 port.

Box content:

- TV Media Player
- Wireless Dual-band Media Adapter
- HDMI Cable
- Driver CD-rom
- Network Cable
- Power Adapter
- RCA Cable
- Remote Control
- User manual
- 2 AAA Batteries

Technical specifications: WL-355

Wireless Network TV Media Player

Connections

- 1x HDMI 1.3a
- 2x USB 2.0
- 1x S/PDIF for digital audio
- 1x Composite for video and stereo audio

Image resolutions

- Normal (4:3)
- Widescreen (16:9)
- 480i, 480p, 576i, 576p, 720p, 1080i, 1080p

Audio

- Up to 24 PCM
- MPEG
- Dolby Digital
- DTS pass-through
