### SB-3750M HDTV DISTRIBUTION AMPLIFIER 1:4

SB-3750 is one of the most innovative Universal Distribution Amplifier as Component/S-Video/ Audio Signal distribution product. This amplifier signals is using in Component Video, S-Video, Composite Video/ Stereo Audio. This product provides multiple AV outputs which are identical to the source signal. It is suitable for distributing from High quality Audio/ Video Devices, Camcorders, Game consoles, Video CDs, DVDs, Satellite Receivers, STD Set Top Box, etc.

#### FEATURES

1. Support HDTV Component Distribution Amplifier
2. SB-3750 : Input: 1x Component Video+S-Video+Composite Video+Digital Audio+Stereo Audio  
Output: 4x Component Video+S-Video+Composite Video+Digital Audio+Stereo Audio  
1xLoop Output  
SB-3750M: Input: 1x Component Video+Composite Video+Digital Video+Stereo Audio  
Output: 4x Component Video+Composite Video+Digital Video +Stereo Audio  
1xLoop Output
3. Support High resolution HDTV 480p, 720p, 1080i60, 1080P
4. Support Loop Output
5. Support wall mountable
6. 1x DC input at rear panel
7. 1x ON/OFF power switch

#### SPECIFICATIONS

1. Type of Amplifier: 1x 4 HDTV Component Distribution Amplifier
2. Type of Signal: Component Video/S-Video/Composite Video/ Digital Audio & Stereo Audio connectors
3. Video Bandwidth: 700MHz, G=+1
4. Digital Audio Signals Bandwidth: 110MHz (Support Composite Video)
5. Safety Approvals: CE, FCC, RoHS (2002/95/CE)
6. Dimensions: 9" x 4.5" x 1"
7. Power Supply: DC12V / 1.25mA
