

4:4 . 8:8 COMPOSITE AUDIO SWITCHERS

SB-5544 MATRIX SWITCHER 4:4

SB-5544MRM 19 inch Rack Mount

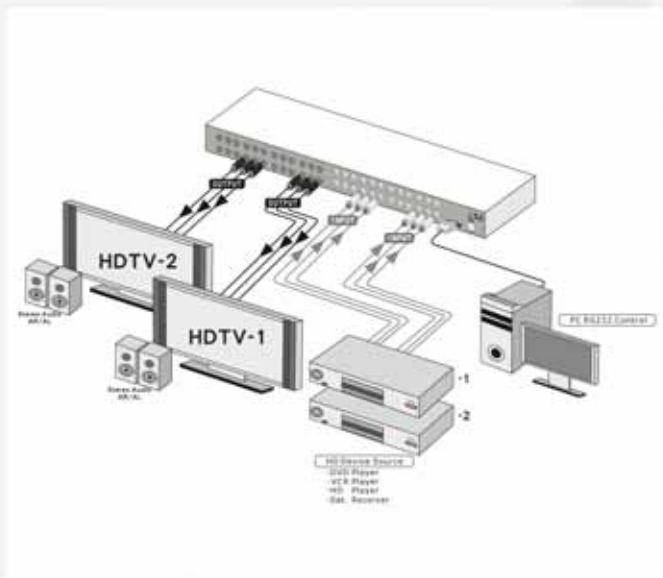

SB-5548 MATRIX SWITCHER 8:8

SB-5548MRM 19 inch Rack Mount

SB-5548 COMPOSITE / AUDIO MATRIX SWITCHER

SB-5544 and SB-5548 are Composite Video/Stereo Audio matrix Switchers. Composite Video signals from 4/8 selectable input signals can be routed to 4/8 outputs or any combination. They are matrix routers, any inputs may be routed to any output. Or the same input may be routed to all outputs or any combination. Selecting inputs are made via the front panel press buttons or an remote control unit.

FEATURES

1. Support Composite Video & Stereo Audio Matrix Switcher
2. Input: 4/8x Composite Video+Stereo Audio
Output: 4/8x Composite Video+Stereo Audio
3. Support 19 inch Ear and Rack mountable
4. RS232 serial port interface on the rear panel (excluding SB-5544)
5. Support RS232 interface control driver for 95/98/2000/xp (excluding SB-5544)
6. High resolution Support: HDTV 480p, 720p, 1080i, 1080p
7. An IR transceiver on the front panel and an IR External device connection support on the rear panel
8. 1 x DC input at rear panel
9. LED status for each output port
10. 1x ON/OFF power switch

SPECIFICATIONS

1. Type of Switcher: 4/8x4/8 Composite Video & Stereo Audio Matrix Switcher
2. Type of Signal: Composite Video & Stereo Audio connectors
3. Video Bandwidth: 200MHz
4. Scan rates accepted: 50Hz or 60Hz
5. Controls: RS232 for SB-5548
6. Each has IR, IR EXT, Select buttons on the front panel
7. Safety Approvals: CE, FCC, RoHS (2002/95/EC)
8. Dimension: 11.96" x 1.75" / 19" x 1.75"
9. Power Supply : Dc12V /0.66mA/2mA
