<p>Before cleaning or maintenance, switch off the device, remove the mains plug from the wall socket and wait until the device has cooled down.</p> <ul style="list-style-type: none"> Do not use cleaning solvents or abrasives. Do not immerse the device in water or other liquids. Do not attempt to repair the device. If the device does not operate correctly, replace it with a new device. Clean the outside of the device using a soft cloth, if necessary, use a little neutral detergent. Thoroughly dry the outside of the device with a clean, dry cloth. Clean the ventilation openings using a soft brush. <p>Use</p> <p>Assembling the product</p> <ol style="list-style-type: none"> Unpack your LED stroboscope Connect it to a wall socket. Adjust the flashing frequency with the controller at the rear panel. <p>Product specifications</p> <table border="1"> <tr><td>Input voltage (power cord):</td><td>220 - 240 V</td></tr> <tr><td>Power:</td><td>0.46 W</td></tr> <tr><td>Flash frequency (adjustable):</td><td>3 - 8 flashes per second</td></tr> <tr><td>Housing material:</td><td>plastic</td></tr> <tr><td>Light source:</td><td>LED, 0.46 W, 100 lm</td></tr> <tr><td>Number of LEDs:</td><td>24</td></tr> <tr><td>Anzahl LEDs:</td><td>24</td></tr> </table> <p>Safety</p> <ul style="list-style-type: none"> Read the manual carefully before use. Keep the manual for future reference. The manufacturer is not liable for consequential damages or for damages to property or persons caused by nonobservance of the safety instructions and improper use of the device. The device shall not be used by children. Keep the device and the mains cable out of the reach of children. Children shall not play with the device. Only use the device for its intended purposes. Do not use the device for other purposes than described in the manual. Do not use the device if any part is damaged or defective. If the device is damaged or defective, replace the device immediately. The device is suitable for indoor use only. Do not use the device outdoors. The device is suitable for domestic use only. Do not use the device for commercial purposes. Do not use the device near bathtubs, showers, basins or other vessels containing water. If the device is immersed in water or other liquids, if the device is immersed in water or other liquids, do not remove the device with your hands. Immediately remove the mains plug from the wall socket. Disconnect the mains cable from the wall socket. Ziehen Sie sofort den Netzstecker aus der Wandsteckdose. Keep the device away from heat sources. Do not place the device on hot surfaces or near open flames. Beware of hot parts. Wait until the device has cooled down before touching the device. The device becomes hot during use. Place the device on a flat, level surface. The clearance around the device must be at least 10 cm. <p>Electrical safety</p> <ul style="list-style-type: none"> Lighting for decorative purposes only. To reduce risk of electric shock, this product should only be opened by an authorized technician when service is required. Disconnect the product from the mains and other equipment if a problem should occur. Do not use the device if the mains cable or mains plug is damaged or defective. If the mains cable or mains plug is damaged or defective, it must be replaced by the manufacturer or an authorised repair agent. Before use, always check that the mains voltage is the same as the voltage on the rating plate of the device. Connect the device to an earthed wall socket. If necessary, use an earthed extension cable of a suitable diameter. Always fully unwind the mains cable and the extension cable. The device is not intended to be operated by means of an external timer or separate remote-control system. Do not move the device by pulling the mains cable. Make sure that the mains cable does not become entangled. Make sure that the mains cable does not hang over the edge of a worktop and cannot be caught accidentally or tripped over. Do not immerse the device, the mains cable or the mains plug in water or other liquids. Do not leave the device unattended while the mains plug is connected to the mains supply.
