

ICY BOX IB-Hub1404 Desk hub with 2 card readers, charging function and display

Hidden in your desks cable port

The IB-Hub1404 is meant to be used as a cable port (60 mm) in desks. It can be installed in pre-drilled holes without tools and offers enough space to run a DVI plug. Using its USB 3.0 connection the IB-Hub1404 can achieve a bandwidth of up to 5 Gbit/s. Memory card slots allow for easy reading and writing of SD and MicroSD cards. All 3 USB ports meet the new USB battery charging specification (BC 1.2). An LED display indicates the current (A) used for charging devices on USB port 1.

Key features

- 2x USB 3.0 Type-A, 1x USB 3.0 Type-C™
- Integrated USB 3.0 cable for PC connection
