

MIRAGE

X2-K4002-USB

X2 proudly presents the Mirage gaming keyboard. Featuring a minimalistic design, great performance and top quality, this gaming keyboard gives you the feeling of a mechanical keyboard and you don't need to break the bank for it! Just the same as with a mechanical keyboard, the keys are removable and interchangeable. The keyboard's keys are also fitted with a changeable 3 colour backlight. Change the colour by pressing the FN & TAB key. Change the breathing speed and brightness by pressing the FN & ESC key. Do you love gaming and getting results? Then this keyboard is absolutely the best option.

You're welcome.
