Data sheet:
Wireless Router N300 X2

Product code   : WLR-2100
Product name   : Wireless Router N300 X2
EAN code   : 8716502024582

Create a wireless network with excellent speed, high range and comprehensive protection against cybercrime
With the WLR-2100 Wireless Router N300 X2 you can easily create a wireless network and share a broadband Internet connection, files and peripheral devices.

This solution has Sitecom Cloud Security: the security integrated in the router protects all the devices in your network against cybercrime when surfing the Internet. Simply start using the free six-month subscription and use antivirus/antimalware, antiphishing, protection against malicious websites (URL blocking) and ad blocking.

The WLR-2100 Wireless Router N300 X2 has a range which is optimized for two floors and wireless speed of up to 300 Mbps. The router is suitable for applications such as surfing the Internet, mailing and chatting with family and friends and online banking.

The router is "out of the box" secured with the WPA2 security protocol. You can create a secure home network with just one push of the OPS (One Push Set-up) button.

This product comes with the extensive 10-year Sitecom warranty. Simply activate the long-term warranty by registering your product within 3 weeks of purchase.

Sitecom Cloud Security

protect your home network against cybercrime while browsing!

**A**ntivirus software alone is not safe enough

Benefit from additional built-in security in this router

Activate in just one click; your network and devices are better secured than ever before!

Secure router with
Sitecom Cloud Security

✓ your home network

notebook | tablet PC | PC | Smartphone

fraud

virus

phishing   ID theft

Sitecom Cloud Security

Unsecure router without
Sitecom Cloud Security

✗ your home network

notebook | tablet PC | PC | Smartphone

fraud

virus

phishing

- Safe web browsing experience
- Built-in security inside the router
- Centralized protection layer against phishing/ID theft, fraud, unwanted advertisements and additional protection against viruses
- Protect your computer (desktop PC and notebook) and all other devices connected to your network such as your iPad/iPod, Smartphone, Game Console, Media Player, Connected TV and Blu-Ray player
- Activate your free 6 months subscription in just one click. The free subscription will not be extended automatically
- Can be disabled after activation at any time
- No need to install updates
- Sitecom Cloud Security works as additional security, but it does not replace the antivirus software on your computer
