- Bluetooth version: 2.0+EDR
- Maximum range: up to 33 feet / 10 m

## Sound

- Magnet type: Neodymium
- Speaker diameter: 32 mm

## Convenience

- Call Management: Switch between call and music, Answer/End Call, Reject Call, Voice dial, Last number redial, Call Transfer, Microphone mute
- Volume control

## Accessories

- Quick start guide: Quick Start Guide + User Manual CD
- Charger: Included

## Power

- Standby time: 300 hr
- Talk time: 14 hr
- Music playtime: 14 hr
- Battery Type: LI-Polymer
- Rechargeable
- Battery weight: 8.8 g

## Inner Carton

- Inner carton (L x W x H): 25 x 18.4 x 23 cm
- Gross weight: 1.364 kg
- Nett weight: 0.558 kg
- Tare weight: 0.806 kg
- EAN: 87 12581 39282 6
- Number of consumer packagings: 3

## Outer Carton

- Outer carton (L x W x H): 39.3 x 26.5 x 46 cm
- Gross weight: 6.121 kg
- Nett weight: 2.232 kg
- Tare weight: 3.889 kg
- EAN: 87 12581 39281 9
- Number of consumer packagings: 12

## Packaging dimensions

- Packaging dimensions (W x H x D): 17.6 x 24.5 x 8 cm
- Gross weight: 0.391 kg
- Nett weight: 0.186 kg
- Tare weight: 0.205 kg
- EAN: 87 12581 35998 0
- Number of products included: 1
- Packaging type: Blister

## Product dimensions

- Weight: 0.058 kg
- Product dimensions (W x H x D): 14.5 x 4.9 x 15 cm

# Highlights

## FullSound enhanced music

What is music without heart and soul? During the recording and compression of digital music details and dynamics of the live music get lost. FullSound is a smart algorithm, running on a powerful chip inside the headset. It improves the quality of your music and restores the music's original dynamics, stereo effects, bass and treble to reveal previously unheard detail without distortion. FullSound is enabled out of the box, and can be turned off and on.

## Bluetooth Stereo (A2DP)

This Philips device fully supports Bluetooth Stereo (A2DP). A2DP (Advanced Audio Distribution Profile) compliance enables this headset to receive stereo music from any Bluetooth device that is A2DP compliant. Therefore you can use this headset with any compatible mobile phone, PC, Bluetooth adapter, MP3 player etc. that supports A2DP.

## Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

## OptiFit neckband

With the OptiFit neckband, you can easily adjust the headset while you are wearing it for a comfortable, personalized fit. It features a flexible hinge and adjustable soft earloops and places the speakers at the optimum angle to your ear for maximum sound performance.

## SwitchStream

With SwitchStream you will hear a ring tone in your headset when you are receiving a call on your Bluetooth enabled phone. You can then pick up the call from your headset and return to your music after ending the call. Never miss a a beat, never miss a call.

## Wireless music control

Music control buttons on your headset allow you to wirelessly control music on your (AVRCP - Audio Video Remote Control Profile) compatible phone, MP3 player or PC. Skip forward to your favourite songs, or pause the music for a quick chat - all with the press of a button within your arms reach.

## Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.
