

Solar Power Torch

Clock and alarm functions

USPs:

- Solar powered
- Clock & alarm functions
- 3 Super bright LEDs

General information:

New in our line solar power products is this high-tech torch, equipped with a special lithium battery. The battery is automatically charged via a solar panel so it's always ready to use. Besides, the flashlight is equipped with a bright LCD screen with clock and alarm function, which can be well read even in the dark. With a completely full battery, the 3 super bright LEDs will burn up to 130 minutes.
