

Product Data Sheet

SECTION 1 : GENERAL SPECIFICATION

Model No.	WF046
Product Name	Water filter cartridge for coffee machine
Media Material	Resin and granular carbon
Cartridge Dimension	90 x 80 mm

SECTION 2 : OPERATING CONDITIONS

Working Pressure	N/A
Working Temperature	Min 1°C (34°F) / Max 38°C (100°F)
Service Flow Rate	150-280 ml/min (actual flow rate depends on coffee machine)
Capacity	max 2 months

SECTION 3 : CLAIMING

For the treatment of drinking water.
Improve taste of coffee.
Reduces unpleasant odors taste and impurities.

SECTION 4 : CARTRIDGE ILLUSTRATE

SECTION 5 : CERTIFICATION

Components and materials
are in compliance with
Regulation EC1935/2004

Materials are in compliance
with NSF regulations
